100: CSOs/NGOs can freely organize with little to no interaction with the government, other than voluntary registration.

75: ..

50: CSOs/NGOs must go through formal steps to form, requiring interaction with the state such as licenses or registration. Formation is possible, though there is some burden on the CSOs/NGOs. Some unofficial barriers, such as harassment of minority groups, may occur.

25: ..

0: Other than pro-government groups, CSOs/NGOs focused on being watchdogs/advocates are effectively prohibited, either by official requirements or by unofficial means, such as intimidation or fear.

5. In practice, CSOs/NGOs actively engage in the political and policymaking process at the city/municipality level.

100: CSOs/NGOs are an essential component of the political process. CSOs/NGOs provide widely valued insights and have political power. They are able to participate in the crafting of city/municipal ordinances and resolutions through, for example, invitation as resource persons in official deliberations. They play a leading role in shaping public opinion on political matters.

75: ..

50: CSOs/NGOs are active, but may not be relevant to political decisions or the policymaking process. Those CSOs/NGOs are willing to articulate opinions on political matters, but have little access to decision makers. They have some influence

Comments:

Sec 34, Chapter IV, Relations With People's and Non-Governmental Organizations Book 1 Republic Act No 7160 Local Government Code 1991 states that local government and NGOs should become "active partners" and should work together in the "pursuit of local autonomy."

Eduardo K Nicolo, City Administrator, Local Government Unit Tacurong says that CSOs/NGOs are not hindered by the City Government. In fact, some members of the City Development Council and City Peace and Order Council are representatives of CSOs/NGOs. All CSO/NGOs have all been accredited by the City Council pending submission of requirements. In addition, a City Council for the Welfare of Children, City of Tacurong Report 2010 shows that the municipality has engaged with several gender CSOs/NGOs such as the Crisis Intervention Center for Women and Children and other womens' groups as the city is implementing the Law on Magna Carta for Women.

The municipality also works with other NGOs/CSOs in collaboration with the Philippine Red Cross (PRC), the business sector (Rotary Club–Tacurong City Chapter), media (ABS–CBN Socksargen) and military personnel (from 33IB, Alpha Battery of 16FAB, 61st CMO Coy and the 6ID Dental Team) to conduct free dental services and perform circumcision known as tuli services for the city's constituents .

So far, there are no known instances were the Local Chief Executive (LCE) has banned NGOs.

Comments:

The Office of the Ombudsman is supposed to do this but given the scope: over a million national and local government officials, audits or lifestyle checks often happen only when there are complaints against an individual official, journalist Miriam Grace Go notes.

There are areas where local transparency groups have undertaken lifestyle checks on particular local government officials but, journalist Edwin Espejo points out that Tacurong is one of those “under the radar” cities. The regional hub, where the press is based, is in General Santos City and Tacurong rarely figures in the news.

NO: A NO score is earned if no such mechanism exists. A NO score is earned if any review is vaguely established in law or regulation without formal procedures. Comments:

The Supreme Court of the Philippines has the power to review and journalist Miriam Grace Go notes that there has been cases when the Supreme Court has reversed local ordinances. But review is not automatic, it only happens when a complaint by a citizen or concerned party is raised before the Supreme Court. The SC is also slow to act due to the huge backlog on cases before it. It could take decades for a case to be resolved.

As of present, the City Government of Tacurong has no provisions for protecting whistleblowers. So far there has not been an occasion where a witness' life is endangered. However, this may also be an opportune time for the City Government to look into this matter and to generate provisions to be followed if ever faced with the situation in the future.

For the protection of whistleblowers and witnesses there is a WPP located in the NCR under the DOJ and it has regional implementer in twelve regions. The Regional Implementer who is in charge of Tacurong is City Prosecutor (CP) Al Calica who has an office in Kidapawan City in the Office of the City Prosecutor. Witnesses to a crime and whistleblowers to government maladministration can approach CP Al Calica and seek protection and this may be granted after a threat assessment is made .
